Techsense Bangladesh Ltd

Light-Control Sensor Code : KA-LS04

The light control switch can turn on and turn off light automatically according to ambient light; it is not affected by ambient temperature and humidity; It is not only convenient but also practical; it can control the load that works at night.

General Attributes

- Operating Voltage   : 220-240V/AC,
                                        110-130V/AC
- Power Frequency   : 50/60Hz
- Ambient Light   : <50Lux(Required by
                                        customer)
- Rated load   : 800W(110-130V/AC),
                                        1200W(220-240V/AC)

Application Notes
☐ Measuring ambient light levels (brightness)
☐ Saving battery power using automatic
   dimming.
